

Lonely Ain't the Only Game in Town

Mark Chesnutt

She just found out that
Lonely ain't the only game in town
There's more to life than empty nights
Just hanging around the house
She's been sitting on the sidelines
But that's all over now
She just found out that
Lonely ain't the only game in town

He's been working late for three nights straight
But every time he calls
She hears what sounds like Georgia Hagger
Echo through the phone
If he thinks he can play her for a fool
That's where he's wrong
Well, that fools gonna be playing along

She just found out that
Lonely ain't the only game in town
There's more to life than empty nights
Just hanging around the house
She's been sitting on the sidelines
But that's all over now
She just found out that
Lonely ain't the only game in town

The odds are good
She's gone and looked
Like a million bucks tonight
She'll be all made up
Making up for all those empty nights

The last thing on her mind
Is what tomorrow's gonna bring
Cause those neon lights
Can shine a brand new light no things

She just found out, she just found out that
Lonely ain't the only game in town
There's more to life than empty nights
Just hanging around the house
She's been sitting on the sidelines
But that's all over now
She just found out that
Lonely ain't the only game in town
She just found out that
Lonely ain't the only game in town
