

You Moved Up in Your World

Mark Chesnutt

I'd know the smile anywhere
That same old shine you used to wear
I can see you made some changes
Those changes done you good
It's good to see you back here
Back in our old neighborhood

How are those lights out in Nashville?
Is that dream still burning still?
Cause when you set out for something
You set out to do it well
At least I can say I loved you once
Back when you were someone else

Well you moved up in your world
Well I stayed here in mine
You gave this town a story
And I lived every line
And there'll always be a front porch light
If your star no longer shines
Then come on down from your world
There's always room in mine

Well I know they made a name for you
Out there in Tennessee
But to me you're Becky Johnson
From 109 Maple Street

Well you moved up in your world
Well I stayed here in mine
You gave this town a story
And I lived every line
And there'll always be a front porch light
If your star no longer shines
Then come on down from your world
There's always room in mine
Yeah, come on down from your world
There's always room in mine
