Oh....oh [4x]  
Trouble comes in slowly  
A neverlasting light come to shine all over me  
Bright in the mornin'  
Like all of heaven's love come to shine on me  
And to you who never need  
Fuck yourselves, I need some more room to breathe

Here comes the devil, prowling around  
One whiskey for every ghost  
And I'm sorry for what I've done  
Cause it's me who knows what it cost

It breaks and it breathes, and it tears you apart  
It bites and it bleeds  
And this desert turns to ocean over me

Here come the devil, prowling around  
One whiskey for every ghost  
And I'm sorry for what I said  
I said I just don't care anymore

A fool can feed on the notion  
Sees and believes  
And this desert turns to ocean over me

Trouble comes in slowly  
A neverlasting light come to shine all over me  
At the dead end to mornin' darlin'  
With all of heaven's love come to shine on me

The fool that feeds on the notion  
Sees and believes  
And this desert turns to ocean over me

Here come the devil, buy the round  
One whiskey for every ghost  
And I'm sorry for what I done  
Lord it's me who knows what it costs

The fool that feeds on the notion  
Sees and believes  
And this desert turns to ocean over me

Here come the devil, prowlin' round  
One whiskey for every ghost  
And I'm sorry for what I said  
I said I just don't care anymore  
It breaks and it breathes and it tears you apart  
Gonna bite, gonna bleed  
Til this desert turns to ocean over me
