

## Way to Tomorrow

Mark Lanegan

Carry that weight but it's too heavy lord  
Walk that mile but it's too far to go  
Out in the wintertime  
Lost, I can't get over  
Can't find my way to tomorrow

There's driving rain there's ice and there's snow  
No place to rest, nothing to know  
Look for some better times  
But I can't get over  
Can't find my way to tomorrow
