

If I Could Fly

Mark Medlock

Sad boy,
everytime I see you cry
Sad boy,
tell me the reason why
Bad boy,
as long you're loving me
Sad boy,
there's my sense to be

On and on I'll always pray for you
Give you love and heaven, too

Refrain:

If I could fly
I will fly to you
If I could fly
I feel what dreams can do
If I could fly
I'm hungry for your love
If I could fly
I can't get enough

Sad boy,
nobody loves you more than me
Sad boy,
you're all I need
Bad boy,
why you're foolin' me
Sad boy,
nothing comes for free

On and on I'll always pray for you
Give you love and heaven, too

Refrain:

If I could fly
I will fly to you
If I could fly
I feel what dreams can do
If I could fly
I'm hungry for your love
If I could fly
I can't get enough, yeah..

If I could fly
I will fly to you
If I could fly
I feel what dreams can do
If I could fly
I'm hungry for your love
If I could fly
I can't get enough
can't get enough
Oh yeah, can't get enough
Can't get enough
