Oooh Maria yeah  
Come on my girl yeeah mmmmmh

I am what I am  
Oh my baby oh I'm winning again  
There's a chance for me  
and please understand  
I'll give my heart and my soul to you

I promise(d) you love  
Oh my baby to the heaven above  
I'm a dreamer, I'm fighting enough  
With all my heart and my soul to you

Oh Maria Maria  
I swear you  
I just wanna make love to you  
Maria Maria  
I dare you  
That's what lovers do  
Maria Maria  
I swear you  
I have all the love in my heart  
Maria Maria  
I dear you  
We make a journey to the stars

I promised my life  
to the heaven and my love keeps alive  
It's a miracle and we will survive  
With all my heart and my soul to you  
Two hearts beat as one  
And I'm feeling baby this love is strong  
In my heart I'm feeling deeply alone  
With all my heart and my soul to tonight

Oh Maria Maria  
I swear you  
I just wanna make love to you  
Maria Maria  
I dare you  
That's what lovers do  
Maria Maria  
I swear you  
I have all the love in my heart  
Maria Maria  
I dare you  
We make a journey to the stars

Come on Maria my girl, I'd like to shake it  
Faaaauucht :)
