

Never Let You Go

Mark Medlock

Why?
Why?
Uuuh...

It's five in the morning
I close my eyes
It's five in the morning
I told you lies
It's five in the morning
And you're not here with me

I'm lonely, I'm cryin'
Cause you're not here
My heart is dying
It's full of fear
It's five in the morning
And you're so far away

Oh, why to leave me
And why to hurt me
Oh darling
Won't you stay with me

Refrain:

And baby I never let you
Never ever let you go
And baby I ever love you
Never ever let you go
And I know the time will show
You're always my darling

(Why)
(Why)
It's raining outside
And in my heart
It's a crying shame
We tear apart

It's mad mad world
That I tear your heart

It's so cold outside
You're not next to me
It's just to late
Baby can't you see

It's five in the morning
And I miss you so

Oh, why to leave me
And why to hurt me

Oh darling
Won't you come with me

Refrain:

And baby I never let you
Never ever let you go
And baby I ever love you
Never ever let you go
And I know the time will show
And I know the time will show

Time will show
And baby I never let you
Never ever let you go
Oh, baby I ever love you
Never ever let you go
And I know the time will show
Never ever let you go
And I know the time will show

Never let you go...
