

The Other Side Of Broken

Mark Medlock

Looking for a second chance
But now I know the way you felt
That's why I can't forgive myself
I thought the pain would never end
I thought that I could rather wait
But no matter how hard I try
I couldn't seem to live a lie

I'm on the other side of broken
Safe out in the open
The hardest thing I'll ever do
Is to let you go when faced the truth
Some things are always better left unspoken
Took everything but I finally made it there
On the other side of broken

When I saw you yesterday
You never looked more beautiful
After all these years, all the tears
We're both still standing here

I'm on the other side of broken
Safe out in the open
The hardest thing I'll ever do
Is to let you go when faced the truth
Some things are always better left unspoken
Took everything but I finally made it there
On the other side of broken

Maybe someday, maybe some way
You'll find a place to start
Could have it all along, I want you know
I've been waiting here, oh, I've been waiting here
On the other side

On the other side of broken
Safe out in the open
The hardest thing I'll ever do
Is to let you go when faced the truth
Some things are always better left unspoken
Took everything but I finally made it there
Took everything but I finally made it there
On the other side of broken
On the other side of broken
On the other side of broken.
