

Anywhere in the World

Mark Ronson

Come with me, come with me,
I found a new movement,
Get everybody out on the street

On the street, on the street
I found a new rhythm
To move our bodies to, to the beat

As we move our feet in unison
Kicking up the rain or the sand in the sun
It gives my heart that feeling
Could be anywhere

Anywhere in the world
(Moving like this, feeling like this)
Anywhere in the world
(No matter where you are)

We could be anywhere in the world
(Moving like this, feeling like this)
Anywhere in the world
(No matter where you are)

Moving like this, feeling like this
No matter where you are

Follow me, follow me
To the river where on these streets
You can discover every part of me

Parts of me, part of me
Many memories make a story
Come on make another one with me

Yes we clap our hands along with the drum
Sync'ing with the pattern like we're all part of one
It gives my heart that good, good feeling
Could be anywhere

Anywhere in the world
(Moving like this, feeling like this)
Anywhere in the world
(No matter where you are)

We could be anywhere in the world
(Moving like this, feeling like this)
Anywhere in the world
(No matter where you are)

Moving like this, feeling like this
No matter where you are

Follow me
Down, down to the river
The sunset's golden
The water seems silver

Follow me
Down, down to the river
We could be anywhere in the world
But we're together

Anywhere in the world
(Moving like this, feeling like this)
Anywhere in the world
(No matter where you are)

We could be anywhere in the world
(Moving like this, feeling like this)
Anywhere in the world
(No matter where you are)

Moving like this, feeling like this
(Anywhere in the world)
No matter where you are
