

Vibrational Match

Marnie Stern

I am a vibrational Match
In the water/ we line up
Off a beach
I am before a mirror
I am reaching in, reaching in
It's all flying through you

What is this darkness? We carry over?
Trust your perceptions. They arch.
Matter, Light, and Energy
Speed, Gold, and Spirit
I'm near it
I'm near it, (2x)

It's me/ Through you.
Each task/ Is Clear
Thumping / Tight bones
Come here/ No fear
In me/ Through You

What is true to you is real
And what is this jive you ask?
No judgments
We line up
We are connected
Connected/Connections/Connected/Connections

What is this darkness you speak of?
I am a Vibrational Match
Non-physical/ to physical
Here we go

What is this darkness? We carry over?
Trust your perceptions. They arch.
Matter, Light, and Energy
Speed, Gold, and Spirit
I'm near it
I'm near it, (Repeats)
