

Violet Affair

Marnie

Melt my heart
With summer in December for a while
Turnaround, take me back to the summertime

When you gave me violets
I pinned them in my hair
The scent, dizzy it fills the air
You gave me violets
I'll press them in my heart
We're unbound and free falling
Winter, spring, then summer falls
We're falling into this violet affair

Tempt my heart
July was so completely unparalleled
I know I'll never feel like that summertime

When you gave me violets
I pinned them in my hair
The scent, dizzy it fills the air
You gave me violets
I'll press them in my heart
We're unbound and free falling
Winter, spring, then summer falls
We're falling into this violet affair
