

# Closure

Maroon 5

You come over to tell that it's over  
Say you want to do this face to face  
Bottle opens we pour out our emotions  
Knew that if you came here you would stay

If you want closure  
Come on and close that door  
I know, know, know  
What ya' really came for  
If you want closure  
Come on and close that door  
I know, know, know  
What ya' really came for  
I know what ya' want, baby  
What ya' really came for  
Closure  
I know what ya' want, baby  
Know what ya' came here for  
Closure

How did we end up in this situation  
Guess it went exactly as you planned  
I always give in to your manipulation  
I tried to resist but i just can't

If you want closure  
Come on and close that door  
I know, know, know  
What ya' really came for  
If you want closure  
Come on and close that door  
I know, know, know  
What ya' really came for  
I know what ya' want, baby  
What ya' really came for  
Closure  
I know what ya' want, baby  
Know what ya' came here for  
Closure

Oh as soon as we make love  
It's gonna break your heart again  
Cause we both know when we wake up  
That we'll go back to war again

If you want closure  
Come on and close that door  
I know, know, know  
What ya' really came for  
If you want closure  
Come on and close that door  
I know, know, know  
What ya' really came for  
I know what ya' want, baby  
What ya' really came for  
Closure  
I know what ya' want, baby

Know what ya' came here for
