It's just a feeling
Just a feeling

I watched you cry Bathed in sunlight By the bathroom door You said you wished you did not love me anymore You left your flowers in the backseat of my car The things we said and did have left permanent scars Obsessed depressed at the same time I can't even walk in a straight line I've been lying in the dark no sunshine No sunshine No sunshine She cries This is more than goodbye When I look into your eyes You're not even there It's just a feeling Just a feeling Just a feeling that I have Just a feeling Just a feeling that I have, oh yeah Cause I can't believe that it's over You've hit your low You've lost control and you want me back You may not believe me but I gave you all I had Undress confess that you're still mine Roll around in a bed full of tears I'm still lying in the dark no sunshine No sunshine No sunshine She cries This is more than goodbye When I look into your eyes You're not even there It's just a feeling Just a feeling Just a feeling that I have Just a feeling Just a feeling that I have No I can't believe that it's over now Just a feeling Just a feeling that I have So much to say It's not the way she does her hair It's the way she seems to stare right through my eyes And in my darkest day when she refused to run away From love she tried so hard to save

Just a feeling that I have

Just a feeling

Just a feeling that I have

It's just a feeling

Tust a feeling

Just a feeling

Just a feeling that I have

I can't believe that it's over

I can't believe that it's over

Now I can't believe that's it's over, yeah
