

Lucky Strike

Maroon 5

You're such a motivator, gotta get your way
So sick of saying yes sir, yes sir
You're such an instigator, you wanna play the game
Take it or leave it, that's her, that's her

And I can't wait another minute
I can't take the look she's giving
Your body rocking, keep me up all night
One in a million
My lucky strike

Got me so high, and then she dropped me
But she got me, she got me, she got me bad
Took me inside and then she rocked me
She keep me up all night, this is what it sounds like

Oh oh oh my lucky strike
Oh oh oh my lucky strike
Your body rocking, keep me up all night
One in a million, my lucky strike

Stuck in her elevator, she take me to the sky
And I don't wanna go down, go down
She said I'll feel you later, go ahead and fantasize
She make me want her right now right now

And I can't wait another minute
I can't take the look she's giving
Your body rocking, keep me up all night
One in a million
My lucky strike

Got me so high, and then she dropped me
But she got me, she got me, she got me bad
Took me inside and then she rocked me
She keep me up all night, this is what it sounds like

Oh oh oh my lucky strike
Oh oh oh my lucky strike
Your body rocking, keep me up all night
One in a million, my lucky strike

Hey, you're taking all my pain away
You're shaking like an earthquake
Hey, you're taking all my pain away
You're shaking like an earthquake

Got me so high, and then she dropped me
But she got me, she got me, she got me bad
Took me inside and then she rocked me
She keep me up all night, this is what it sounds like

Oh oh oh my lucky strike
Oh oh oh my lucky strike
Your body rocking, keep me up all night
One in a million, my lucky strike

My lucky strike, my lucky strike
Your body rocking, keep me up all night
One in a million
