

Maps

Maroon 5

I miss the taste of the sweeter life
I miss the conversation
I'm searching for a song tonight
I'm changing all of the stations
I like to think that, we had it all
We drew a map to a better place
But on that road I took a fall
Oh baby why did you run away?

I was there for you
In your darkest times
I was there for you
In your darkest nights

But I wonder where were you
When I was at my worst
Down on my knees
And you said you had my back
So I wonder where were you
All the roads you took came back to me
So I'm following the map that leads to you
The map that leads to you
Ain't nothing I can do
The map that leads to you
Following, following, following to you
The map that leads to you
Ain't nothing I can do
The map that leads to you
Following, following, following

I hear your voice in my sleep at night
Hard to resist temptation
Cause all these strangers come over me
Now I can't get over you
No I just can't get over you

I was there for you
In your darkest times
I was there for you
In your darkest nights

But I wonder where were you
When I was at my worst
Down on my knees
And you said you had my back
So I wonder where were you
All the roads you took came back to me
So I'm following the map that leads to you
The map that leads to you
Ain't nothing I can do
The map that leads to you
Following, following, following to you
The map that leads to you
Ain't nothing I can do
The map that leads to you

Oh oh oh

Oh oh oh
Yeah yeah yeah
Oh oh

Oh I was there for you
Oh In your darkest times
Oh I was there for you
Oh In your darkest nights

Oh I was there for you
Oh In your darkest times
Oh I was there for you
Oh In your darkest nights

But I wonder where were you
When I was at my worst
Down on my knees
And you said you had my back
So I wonder where were you
All the roads you took came back to me
So I'm following the map that leads to you
The map that leads to you
Ain't nothing I can do
The map that leads to you
Following, following, following to you
The map that leads to you
Ain't nothing I can do
The map that leads to you
Following, following, following
