It is so easy to see
Dysfunction between you and me
We must free up these tired souls
Before the sadness kills us both

I tried and tried to let you know I love you but I'm letting go
It may not last but I don't know Just don't know

If you don't know
Then you can't care
And you show up
But you're not there
But I'm waiting
And you want to
Still afraid that I will desert you

Everyday

With every worthless word we get more far away The distance between us makes it so hard to stay But nothing lasts forever, but be honest babe It hurts but it may be the only way

A bed that's warm with memories Can heal us temporarily But misbehaving only makes The ditch between us so damn deep

Built a wall around my heart I'll never let it fall apart Strangely I wish secretly It would fall down while I'm asleep

If you don't know
Then you can't care
And you show up
But you're not there
But I'm waiting
And you want to
Still afraid that I will desert you, babe

Everyday

With every worthless word we get more far away The distance between us makes it so hard to stay But nothing lasts forever, but be honest babe It hurts but it may be the only way

Though we have not hit the ground
It doesn't mean we're not still falling,
Oh I want so bad to pick you up
But you're still too reluctant to accept my help
What a shame, I hope you find somewhere to place the blame
But until then the fact remains

Everyday

With every worthless word we get more far away

The distance between us makes it so hard to stay Nothing lasts forever, but be honest babe It hurts but it may be the only way

Everyday

With every worthless word we get more far away The distance between us makes it so hard to stay But nothing lasts forever, but be honest babe It hurts but it may be the only way
