

I'm Moving On

Marsha Ambrosius

Oh

I'm movin' on

I'm movin' on

I'll take the first step

Always the longest but when I get there

You'll know I've arrived

'Cause you will be nowhere near

Everything will be clear

You've haunted my sleep, now be gone

Be gone

Be gone

Be gone

Gone with the wind

I'll take the first step

Always the longest but when I get there

When I get there, you'll know I've arrived

'Cause you won't be anywhere near

Everything will be clear so

You've haunted my dreams, now be gone

Be gone

Be gone
