

For Her Love

Marshall Crenshaw

Laughing out loud to no one
Thinking 'bout the things I've done
For her love.
Knowing how wrong I've been
And how I'd do it all again
For her love.

I can't compare anything I've known
To what I feel when we're all alone
And we'll keep havin' our fun, wait and see
Even if it makes demands on me
I'm ridin on a subway train
And runnin' through the driving rain
For her love.

We walk together on a summer night
I close my eyes and I feel alright
And we'll keep having our fun, heart to heart
Even if my whole world falls apart.
