Let Her Dance

Marshall Crenshaw

Well there she goes with a brand new love affair Dancin' with him like she don't even care Well let her dance with him Let her dance all night long Well, who would've known that just yesterday She danced with me the very same way? Well let her dance with him Let her dance all night long

Well let her dance with him all night long Let her dance to our favorite song Well let her dance with him Let her dance all night long

Well, I'll find me a new love And then she'll see Someone else will be dancing with me Let her dance with him Let her dance all night long
