

# Someplace Where Love Can't Find Me

Marshall Crenshaw

Some folks live by a big blue ocean  
Some folks live in the center of town  
Some folks live without any notion  
Me, I'm just tryin' to live your love down  
I'm just tryin' to live your love down  
I'm not lookin' for another  
I'm just lookin' to get long gone  
To someplace that no sweetheart has discovered  
Someplace where memories don't hold on  
Someplace where memories don't hold on

Somewhere the ties won't bind me  
Someplace where love can't find me  
Somewhere the past's behind me  
Someplace where love can't find me  
Someplace where love can't find me

It's the same old sad situation  
Fall in love, and it breaks your heart  
Surely there's somewhere in this great nation  
Where no one comes together just to fall apart  
Where no one comes together just to fall apart

I'm getting nowhere  
I'm getting nowhere  
And gettin' over - it is getting so hard  
I want to go there  
I want to go there  
Before they throw my heart in a junkyard  
'Cause I don't have another love in me  
Can't even let the last one go  
Before I do it again, please send me  
Up to Nova Scotia down to Mexico
