

Save Just A Little For Me

Martin Chodúr

Save just a little for me girl
I can't be here alone
I will do anything just let me know
Or throw a stone.

Say is there a golden road girl
Stay I will go away
I'll get on bus and you'll never have to
Think of me and you.

What can I do to be loved by you
Is there a secret way
What can I do to be loved by you.

Lay in the bed filled with roses
I'll open your eyes for you
I will do anything just let me know
Or throw a stone.

What can I do to be loved by you
Is there a secret way
What can I do to be loved by you.
