

# Teardrops

Martin Jondo

Oh if you see me good lord, if you see me crying  
Oh if you see me good lord, if you see me crying  
Tear drop by tear drop  
I'm shedding millions of teardrops  
Uh yes and tear drop by tear drop  
I'm shedding millions of teardrops  
'cause I don't wanna loose my good friend yeah  
'cause I know what this means and this means  
'cause I don't wanna loose my good friend yeah  
'cause I know what this means and this means

Tear drop by tear drop  
I'm shedding millions of teardrops  
Uh yes and tear drop by tear drop  
I'm shedding millions of teardrops

And kow I think I loose my stand  
And no one's there to give a helping hand  
To say that I love you  
To say that I'm with you  
To say that I need you  
To say that I need you  
Tear drop by tear drop  
That I need you

Tear drop by tear drop  
I'm shedding millions of teardrops  
Uh yes and tear drop by tear drop  
I'm shedding millions of teardrops

Tear drop by tear drop  
I'm shedding millions of teardrops  
Uh yes and tear drop by tear drop  
I'm shedding millions of teardrops
