

Rocking Music

Martin Solveig

All the time,
I've been searchin' for new definition
It is time,
To come up and leave behind my inhibition
This is life,
This is how i'll pretend to be in favour
Take your time,
And relax, keep fall in this trend dancer

I want you to
Listen to me
Rocking Music
Sets you free
I want you to
Get inside
Rocking Music
Ease your mind

Wanna to see your body grooving
(Want to see your body yeah)
Really want to rock your body
(Heeeeey)

(Whohowow)

All the time
Hesitation is what took me so long
It is time,
To see whether power's right or wrong
You might find
and deserve a little relaxation
You look fine
but before I guarantee the satisfaction

(I want you to)
I want you to
(Yeaah)
Listen to me
Rocking Music
Sets you free
I want you to

Get inside
Rocking Music
Ease your mind

(Whoooo)

I think I got you babe, I can see the fire burnin'
I think I got you babe, I can see the fire burnin'
I think I got you babe, I can see the fire burnin'
I think I got you
To my rocking music

(Yeah I think I got you)

(Yeah)

(Owhow)
Rocking music
(Yeaheh)
(In your mind!)
(In your mind!)

2x

I want you to
Rocking music

I want you to
Rocking music

I want you to (Ow, I want you to)
Rocking music
(Give it to me)
I want you to (I want you to)
Rocking music
Ease your mind

I want to see your body grooving y'all
(I want to see your body)
Really want to rock your body
(Whooo!)
