

# Teardrops

Martine McCutcheon

Teardrops...

I gave you all the love I had inside of me  
Thought that we would be in love eternally (ooh)  
But something happened on the way to heaven  
And now I'm all alone

That's when the teardrops start to fall like rain  
I don't wanna feel this way again  
Oh you gave me so much pain  
When you said goodbye and you made me cry  
So many tears, like rain  
And if I think of you at all  
That's when the teardrops start to fall

Don't think that I will just come running back to you  
Don't think that I can just forget what we've been through (ooh)  
You left me stranded on the road to nowhere  
And now I'm all alone

That's when the teardrops start to fall like rain  
I don't wanna feel this way again  
Oh you gave me so much pain  
When you said goodbye and you made me cry  
So many tears, like rain  
And if I think of you at all  
That's when the teardrops start to fall

Teardrops (ooh)  
Teardrops  
Teardrops  
Ooh

But something happened on the way to heaven  
And now I'm all alone

That's when the teardrops start to fall like rain  
I don't wanna feel this way again  
Oh you gave me so much pain  
When you said goodbye and you made me cry  
So many tears, like rain  
And if I think of you at all  
That's when the teardrops start to fall (ooh)

Teardrops start to fall  
Teardrops  
Teardrops start to fall  
Teardrops  
Teardrops start to fall  
They start to fall  
Teardrops start to fall  
Baby, oh baby  
Teardrops start to fall
