## **A Little Sentimental**

## **Marty Robbins**

Sitting here with you don't know why I'm blue Just a feeling that I've had right from the start Something bout your smile that lingers for a while Stirs an old time mem'ry in my heart.

Don't mind me if I'm a little sentimental Don't mind me I'm not about to cry It's just a thought that I remember Left over from a time in days gone by.

Don't mind me if I'm a little melancholy Thinking of someone that I love so Don't mind me if I'm a little sentimental You remind me of the girl I used to know.

Don't mind me if I'm a little melancholy Thinking of someone that I love so Don't mind me if I'm a little sentimental You remind me of the girl I used to know...
