

Buenos Dias Argentina

Marty Robbins

Buenos días Argentina
What a lovely sight you are
Can't help wavin' my sombrero
For the joy that's in my heart
Buenos días Buenos Aires
With your bright blue sky above
In your warm September sunlight
I see everything I love

Buenos días Argentina
Ay, te dice mi canción
Buenos días Argentina
Canto por corazón

I was young and I was restless
So I searched as dreamers do
Buenos días Argentina
You don't know how I missed you
Buenos días, my beloved
Been away from you too long
In the evening we'll be hearing
Soft guitars that play our song
And the music of the pampas
Once again will bring us close
Only this time I can promise
We will never say Adiós

Buenos días Argentina
Ay, te dice mi canción
Buenos días Argentina
Canto por corazón

I was young and I was restless
So I searched as dreamers do
Buenos días Argentina
You don't know how I missed you
Buenos días Argentina
You don't know how I missed you
