

## Kin to the Wind

**Marty Robbins**

Wherever the trail may wind wherever the mountains climb  
That's where you'll find me I'm kin to the wind  
Wherever the trail may go wherever the tumbleweeds grow  
That's where you'll find me I'm kin to the wind

Night time may find me at a campfire bright  
Long before daylight I'll be gone with the night  
Wherever the river winds wherever the mountains climb  
That's where you'll find me I'm kin to the wind
