## Kin to the Wind

## **Marty Robbins**

Wherever the trail may wind wherever the mountains climb That's where you'll find me I'm kin to the wind Wherever the trail may go wherever the tumbleweeds grow That's where you'll find me I'm kin to the wind

Night time may find me at a campfire bright Long before daylight I'll be gone with the night Wherever the river winds wherever the mountains climb That's where you'll find me I'm kin to the wind
