

# They're Hanging Me Tonight

Marty Robbins

**C**

I hear the rain a coming down

**Am**

It makes me sad and blue

Was on a rainy night like this

**F**

**C**

That Flo said we were through

I told her how I loved and

**Am**

I begged her not to go

But another man had stole her heart

**F**

**C**

So I said goodbye to Flo

Alone within my cell tonight

**Am**

My heart is filled with fear

The only sound within the room

**F**

**C**

Is the falling of each tear

I think about the thing I've done

**Am**

I know it wasn't right

They'll bury Flo tomorrow but

**F**

**C**

They're hangin me tonight

**F**

**C**

They're hangin me tonight

That night he came and took my Flo

**Am**

And headed into town

I knew I'd have to find this man

**F**

**C**

And try to gun him down

As I walked by a dim cafe

**Am**

And I looked through the door

I saw my Flo with her new love

**F**

**C**

And I couldn't stand no more,

**F**

**C**

I couldn't stand no more

I took my pistol from my hip

**Am**

And with a trembling hand

I took the life of pretty Flo

**F**

**C**

And that good for nothing man

**F**

**C**

That good for nothing man

I think about the thing I've done

**Am**

I know it wasn't right  
They'll bury Flo tomorrow but

**F** **C**

They're hangin me tonight

**F** **C**

They're hangin me tonight
