

When I'm Gone

Marty Robbins

When I'm gone will you forget me
Will you find somebody new
When I'm gone will you forget me
Darlin', as you often do

When I'm gone will you forget me
Will you look for someone new
Will some other arms enfold you
Just the way mine used to do

Will there be no memory of me
Or the first day when we met
When I'm gone will you remember
Or when I'm gone will you forget
