

# Misery

Marvelous 3

(lyrics: j. harte, music: b. walker)

Misery, misery, misery coming down on me.  
Sometimes I can't eat, sometimes I can't sleep.  
Sometimes I think I'm out of my mind.  
I try to shake off that empty feeling.  
Sometimes I know there's no use in tryin'.

The world keeps on turnin' night after day.  
We've all been left here to find our way.  
If we stand together, we'll be okay, maybe we'll be okay.  
It's such a pity when all we see is the sorrow we can't control  
.  
Deep in the darkness, there must be an answer, but no one knows  
.  
Sometimes I can't fight the endless cold night.  
Shivering alone all I see;

Misery, misery, misery coming down on me.  
Misery it's all I see coming down on me.  
Misery, misery, misery coming down on me.  
Misery it's killing me, coming down, down on me.

It's such a pity when all we see is the sorrow we can't control  
.  
Deep in the darkness there must be an answer, but no one knows.  
It's such a pity when all we see is the sorrow we can't control  
.  
Deep in the darkness, there must be an answer, but no one knows  
.

All of our lives, we spend watching with covered eyes.  
In a world gone blind.
