

Over Your Head

Marvelous 3

Did you ever hear this one
About the one that got away
She snuck right out the back door
It was on the news today
I was fishing for a hit song
When you woke me out of bed
But now I'm inspired and my brain is tired
And my eyes are blood red
Go ahead and eat your sucker
I won't say a word
He gave you the castle
You gave me the bird

Everybody is grey (I'm turning blue)
Everything that I say (Is about you)
Don't take this wrong
I hope your arms are long
'Cause you're gonna need 'em
When I'm going over your head

Uh hello, can I take your order?
I've been waiting for days
I like a little compassion
With a side of mayonnaise
You never let the glue dry
When you broke me in two
And I'm not some stupid little model car
That you can abuse

Go ahead and eat your sucker
I won't say a word
He gave you the castle
So I'll give you the bird
