

# Joy

Marvin Gaye

Oh  
Hey, hey, hey  
There is a joy in a sweet word that's been spoken  
And the joy in a dream that's come true  
There's a joy that I get when I'm watching you baby, hey  
And the joy that I get watching the skies of blue  
And then there's a joy,  
Oh my darling, of a crying baby  
And the joy of a child that's born to you  
Then there's a joy of a beautiful lady and the joy of the morn-  
ing dew  
It's something like the joy of loving you baby  
Joy of dancin' too  
It's something like the joy of lovin' you baby, yeah  
Joy of being with you  
Oh my darling, I'll overcome the darkest nights  
Just to see your love's alright  
I've got a love to give  
You know I love to live  
There's something 'bout the joy of lovin' you baby [Repeat]  
Joy, Joy...
