## **Leaboys Lassie**

**Mary Black** 

First when I came to the town
They called me young and bonny
Now they've changed my name
Called me the leaboy's honey.

I'll dye my petticoats red And I'll face them with a yellow I'll tell the dyester lads That the leaboys I've to follow.

It's over hills and dales
And over dykes and ditches
Say will I like the lad
Who wears the moleskin breeches

The black horse draws the cart And he's as proud as any Say will I like the lad That drives them on so canny

Feather beds are fine
And painted rooms are bonny
But I would leave them all
To jog away with johnny

Oh, for saturday night It's I that'll see my dearie He'll come whistlin' in When I am tired and weary.

First when I came to the town
They called me proud and saucy
Now they've changed my name
Called me the leaboy's lassie.
