

Incurable Romantic

Mary Hopkin

Incurable romantic
That's what you'll always be
Incurable romantic
Made with reality

Caught in the web you spin
Changin' the mood I'm in
Quietly high on your magic melody

When you're on the way down
Feelin' alone and sad
Search for the song inside you
Remember the dreams you've had

Sorrow will fade away
Life is a game we play
Seein' it your way really ain't so bad

No joy without cryin'
No life without dyin'
No gain without tryin'
No truth without lyin'
No peace without fightin' to be free

Incurable romantic
That's what you'll always be
Incurable romantic
Made with reality

Caught in the web you spin
Changin' the mood I'm in
Quietly high on your magic melody

No joy without cryin'
No life without dyin'
No gain without tryin'
No truth without lyin'
No peace without fightin' to be free

Incurable romantic
That's what you'll always be
Is a sentimental song for you
