

International

Mary Hopkin

Hey, Jesus
Hey, it's me
Well, I've gone international
And become very rational
As you decreed

Hey, Jesus
It's our day
Now, I can bring them home to you
Though I may lose out on a few who care to stray

We'll make them see international
We'll make them be international
Like you and me

Hey, Jesus
It's okay
Now, we have common interests
And we can help along the rest
To be like we

We'll make them see international
We'll make them be international
Like you and me

Hey, Jesus
You'll agree
They're going downhill very fast
And it don't look as though they last
'Til Judgement Day

We'll make them see international
We'll make them be international
Like you and me

Hey, Jesus
Hey, it's me
Well, I've gone international
And become very rational
As you decreed
