

Love Belongs Right Here

Mary Hopkin

First light of mornin'
See you standing by the window
Your body bathed in gold
Kissed by a gentle rain
Lie down beside me
And we'll hide here in the shadows
'Til daylight steals you from me
Love me once again

I wanna feel
What you feel
Well, you love me hard
You love me strong
This can't be wrong

I wanna feel
What you feel
No, this can't be wrong
This love belongs right here

Be still my darlin'
Let me hold your love inside me
To fill these endless days
Long and lonely nights

Nothin' can be certain
In this world of changes
Make this moment last forever
One more time before you leave me

I wanna feel
What you feel
When you love me hard
You love me strong
This can't be wrong

I wanna feel
What you feel
No, this can't be wrong
This love belongs right here

This love belongs right here
Right here, right here
Right here

Nothin' can be certain
In this world of changes
Make this moment last forever
Please, one time before you leave me

I wanna feel
What you feel
When you love me hard
You love me strong
This can't be wrong

I wanna feel

What you feel
No, this can't be wrong
This love belongs right here
This can't be wrong
This love belongs right here
No, this can't be wrong
This love belongs right here
