

# The Day Will Come

Mary Wells

The day will come when you, you will love  
Yes you're gonna love a girl like me  
Yes the day will come when you, you will cry  
Yes you're gonna cry for a girl like me

But when it dawns on you  
I hope it won't be too late  
For I'll be wrapped up  
In a love affair without an escape  
But oh, but right now  
My love is boiling over for you  
Don't make me wait

The day will come when you, you will decide  
Your heart will be on fire for a girl like me  
And the day will come when you, you need a friend  
Friend until the end, a girl like me

I'll be lookin' for the day  
I'll be lookin' for the day  
I'll be lookin' for the day  
Mmm don't make me wait, baby
