

## Imprisoned

Master

So many are imprisoned,  
Confining inside themselves  
Drawing the conclusions,  
In their private hell  
Hiding from the challenge,  
The power to live free  
Lacking any virtues,  
Ability to feed  
The lessons in denial,  
Among the field of dreams  
Illustrate survival,  
And life among the weak  
The world is everchanging,  
Don't fall into the void  
Step in the arena,  
And let them hear your voice  
Hiding from the shadows,  
A weakness that's sincere  
Your living in denial,  
The stress of constant fear.
