Mister Feeling dance the night away  
Mister Feeling on a holiday  
All we need is to get this feeling  
Easy living sunshine every day  
Let the feeling never go away  
You can call it Mister Feeling  
Oh oh oh oh - Mister Feeling Dance the night away  
Oh oh oh oh Mister Feeling  
Oh oh oh oh Mister Feeling on a holiday  
Oh oh oh Mister Feeling  
Hey check out the new style from MC T  
L.O.V.E. is the masterkey  
It's the sign of the time  
Yeah a beat of the drum  
When you lay down on the beach  
And you look in the sun  
Yeah it's my feeling  
With a number one jam  
Do it all together baby hand in hand  
Let's shake the house  
With a boombastic sound  
Mister Feeling makes the world go round

Fun fun fun we are dancing in the sun  
So let's have fun fun fun  
Just me and you  
Love love love oh baby  
I can't get enough  
So feel the love love love  
of me and you

Hey let me show you  
What this feeling can do  
Listen everybody  
it's from me to you  
Yellow black blue red and white  
All the people in the world unite  
From east to west coast  
All around  
It's the jam of the year  
Holiday we're bound  
Get your worries out of the way  
Mister Feeling dance the night away
