

# She Got Me

**Masters of Reality**

She got me when she got her dress on  
She got me when she got her dress on  
She got me me when she looked fine  
When she got her dress on  
She got me when she got down  
When she got her dress on

She got me when she got her dress on  
Got it on

She got me when she got her dress on  
She got me when she got her dress on  
She got me when she looked fine  
And now she gets it all the time  
She got me when she got her dress on

She got me when she got her dress on  
Got it on
