

# Naked Burn

Mastodon

Angels dancing with a mortal a sin  
A giant born within a woman's womb  
Nephilim walking through the forest breaking limbs  
As we bow and give respect to the gods

Save yourself  
Don't wait on me  
My feet are sewn  
Endless bottom

The church is burning from the inside out  
Altars falling into ashes again  
An eagle fly upon horizons with sight  
Focusing on all our family and friends

Apologize  
Can we rise above it  
Climb the line  
It's a good endeavor  
The ships arrived  
Let's sail into the weather  
Our crying eyes

Save yourself  
Don't wait on me  
My feet are sewn  
Endless bottom
