

## To Fry Your Heart On The Pan

**Masturbace**

To fry your heart on the pan  
to rob it with the boling oil  
to fried off all the bitterness  
which hruts so mercilessly.

Sorrow is a shy bitch  
which suckes so fiercely  
dosen't want anything  
but the burning pain.

To fry your heart on the pan  
to rob it with boiling oil  
to pour out it's funny contrnts  
to melt the bleeding wounds

To pay the debts to pain  
to dominate all over her  
beat out the last sorrow  
with the thought out hammer.
