

Now

Mates of State

I've been waiting for a sign
I've been waiting for a sign
Tell me where
Tell me where I belong

Oh, you've been waiting for the night
Oh, you've been waiting for the night
To take you far
To take you far away from me

Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Who, who, who, who?

Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Who, who, who, who?

I've been waiting for a sign
I've been waiting for a sign
Tell me where
Tell me where I belong

Oh, you've been waiting for the night
Oh, you've been waiting for the night
To take you far
To take you far away from here

Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Who, who, who, who?

Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Who, who, who, who?

And as I'm waiting on your doorstep, now
I notice patterns in the paint
I'm wondering how the glass will hit
When I, as I turn and go in shame

Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
Now, now, now, now, now, now, now
