

Ark Song

Matt Costa

I'll repeat myself again
But this time I'll get it right

Like the moth above my head
Follows light out of the dark

Heard the rains are coming soon
Gonna' build an ark inside my room
My room, my room

Gonna' build an ark, an ark, an ark
Gonna' build an ark, an ark, an ar...
Oh oh oh
Like I know how

And I'll repeat myself again
But this time I'll get it right

I'll get it right
Right
