

# Restless Heart

Matt Hires

Pretty girls come from the ugliest places  
You come from the worst of them all  
Heartbreakers like you are hard to erase  
You lift me up just so I fall  
I followed you all the way down to the coast  
And we kissed under travelling skies  
I wish I had seen what was coming for me  
But you wear such a lovely disguise

Heyyy you've got a restless heart  
Beating out out out out on your sleeve  
And I won't let this fire start  
You say love is all that you need  
Well you're not gonna get it from me  
Oh-oh oh-oh no you're not gonna get it from me

You say that you wanted a lover  
Someone to cover your head when it rains  
But even a hopeless romantic like me  
Ya know that it's all just a game  
Everyone's looking for love  
Looking for something to hold on to  
Oh I've been looking for 25 years  
And I know I won't find it in you

Heyyy you've got a restless heart  
Beating out out out out on your sleeve  
And I won't let this fire start  
You say love is all that you need  
Well you're not gonna get it from me  
Oh-oh oh-oh no you're not gonna get it from me

I won't let you break my heart  
I won't let you break  
I won't let you break my heart

Pretty girls come from the ugliest places  
You come from the worst of them all  
Heartbreakers like you are hard to erase  
You lift me up just so I fall

Heyyy you've got a restless heart  
Beating out out out out on your sleeve  
And I won't let this fire start  
You say love is all that you need  
Well you're not gonna get it from me (2x)

Oh-oh oh-oh no you're not gonna get it from me (2x)

I won't let you break I won't let you break my heart  
No you're not gonna get it from me
