

A Future Not My Own

Matt Maher

God slow me down
I'm like a river running
Pressed to the ground
I feel it overcoming
I'm on my knees
I'm incomplete

This is a great unknown
Love is a long and narrow road
Come chase this heart of stone
I need a future not my own

Your spirit groans
Where all my words are ceasing
Can't do this alone
Lord help my unbelieving
My poverty
I'm incomplete

This is a great unknown
Love is a long and narrow road
Come chase this heart of stone
I need a future not my own
Not my own

We see the start but You see the end
We see in part but Your love sees everything
We plant the seeds but You make them grow
We're building a house, You're building a home

This is the great unknown
Love is a long and narrow road
Come chase this heart of stone
I need a future not my own

This world is not my home
I still have miles and miles to go
Come break this heart of stone
I need a future not my own
