

Human Remains

Matt Maltese

La-la, la-la-la, la-la
La-la, la-la-la, la-la

Nights beneath the same old moon
I dream you tell the tragic truth
I love my pets more than you

Glimpse your father at the Louvre
I smell your perfume on the tube
I've gone insane

(La-la, la-la-la, la-la)
We're just human remains
(La-la, la-la-la, la-la)
We took so much away
(La-la, la-la-la, la-la)
And one human remains
