Human Remains

Matt Maltese

La-la, la-la-la, la-la La-la, la-la-la, la-la

Nights beneath the same old moon I dream you tell the tragic truth I love my pets more than you

Glimpse your father at the Louvre I smell your perfume on the tube I've gone insane

(La-la, la-la-la, la-la)
We're just human remains
(La-la, la-la-la, la-la)
We took so much away
(La-la, la-la-la, la-la)
And one human remains
