When you lead me and fit around my tongue It's so easy, to forget that I'm lost Spent all of my life waiting for answers To lift me, to numb me, to define it all

Sunshine

I'm beginning to like this

'Cause all I want to be is the minute that you hold me in When you pretend that I'm all that you waited for Time slips to nothing and I'm better than I've ever been Yeah I'm suspended

With your breathing, filling up my lungs I can almost believe that I'm almost enough I spent all of my life emptied of anthems Bracing for something that never did come

Sunshine

I'm beginning to like this
Sunshine
I'm beginning to like it

'Cause all I want to be is the minute that you hold me in When you pretend that I'm all that you waited for And time slips to nothing and I'm better than I've ever been Yeah I'm suspended

It's not enough to stay surrounded
It's not enough to stay awake, torn and braced, cornered
And not feel alive

Sunshine

I'm beginning to like this
Sunshine
I'm beginning to like it

'Cause all I want to be is the minute that you hold me in When you pretend that I'm all that you waited for And time slips to nothing and I'm better than I've ever been Yeah I'm suspended Yeah I'm suspended I'm suspended
